

KATJA MOBITZ

INTRODUCTION

After 5 years of studying I finished my fashion design studies with a Diploma and started working as a styling assistant in Germany. I came to Cape Town in 2002 and worked on a Durban based movie as Setdresser/Assistant. After that followed some Movies, on which I filled positions as Setdresser, Proppmaster and Standby. More so, I have worked on various commercials over many years, either as Proppmaster/Setdresser, or Standby, but also as a Art Director. Furthermore I still work on various Photo-Shoots as Propp Stylist, Stylist of assistant every year.
